## PRINCIPAL'S MESSAGE

### Teaching values at St Angela's?

As a catholic school we have a commitment and the privilege of teaching the students that they can be agents of change in the world that they live in. The challenge for education is not simply to prepare young people for the future - it is also to equip them to create the kind of future they want.

At St Angela's we teach values every day in our ordinary daily encounters and interactions - staff aim to integrate our Catholic faith into all aspects of our school life. Parents will hear their children coming home discussing how these values come from the scripture and are embedded in their learning throughout the day.

We are all familiar with the [The Beatitudes](#) which provide us with direction for how to live our lives.

The description of the nine values from the *National Schools Framework* outlined below are also a great resource for you to use in your interactions with your children:-

- **Care and Compassion** – Care for self and others
- **Doing Your Best** – Seek to accomplish something worthy and admirable, try hard, pursue excellence
- **Fair Go** – Pursue and protect the common good where all people are treated fairly for a just society
- **Freedom** – Enjoy all the rights and privileges of Australian citizenship free from unnecessary interference or control, and stand up for the rights of others
- **Honesty and Trustworthiness** – Be honest, sincere and seek the truth
- **Integrity** – Act in accordance with principles of moral and ethical conduct, ensure consistency between words and deeds
- **Respect** – Treat others with consideration and regard, respect another person's point of view
- **Responsibility** – Be accountable for one's own actions, resolve differences in constructive, non-violent and peaceful ways, contribute to society and to civic life, take care of the environment
- **Understanding, Tolerance and Inclusion** – Be aware of others and their cultures, accept diversity within a democratic society, being included and including other.

St Angela's staff appreciate and value the important partnership that they have with our families in developing our children to be the very best that they can be.

Together we can achieve so much"

## What's happening in Religious Education in Years 1 and 6?

This term Year 1 and 6 students are learning how we can be responsible stewards of creation.

In Year 1 the driving question is 'How do we care for creation?' They have been learning the story of creation from the Book of Genesis. They have written prayers on how to care for their favourite part of creation.

Year 6 students are digging deeper in the role of our *conscience* as they explore how our choices impact creation. Their driving question is 'To what extent can I live out 'Laudato Si' (Care of Our Common Home)?

## Congratulations Father Alejandro!!

Father Alejandro ran the 14km City to Surf this past Sunday in 1 hour, 32 minutes and 5 seconds! Thank you for supporting him in raising funds for the church renovation.

God bless

Jocelyn Williams

## COVID

Families at St Angela's continue to experience COVID cases, so it is important for you to monitor your children for symptoms and keep them at home if they are unwell. We will also contact you if your child feels unwell at school. As it is flu season, please be vigilant about the early signs of influenza which also require you to keep your children at home to ensure that we continue to maintain a healthy environment for the children and staff while at school. Thank you for following the COVID communication protocols below.

## COVID SAFE PROTOCOLS

All students, families and staff are requested to follow NSW Health's advice to reduce the risk of not only transmitting COVID-19, but also other illnesses that may affect schools this winter such as the flu. Therefore we ask that students, staff and family members who visit the school

### Parents are required to:

- inform the school if their child tests COVID positive and keep the child at home in isolation for the required 7 days.
- inform the school if their child is a close household contact, administer a RAT daily before the child attends school and keep the child home if they are unwell or symptomatic

Thank you for all that you do to support the health of students and staff.
